

**Darkley
Tea**

Pure Ceylon Tea

Our Tea

A vibrant landscape of a tea plantation in Sri Lanka. The foreground is filled with rows of healthy, bright green tea bushes. The middle ground shows the terraced hillsides of the plantation, with a winding road visible in the distance. The background is a soft, hazy mountain range under a bright, sunlit sky, creating a sense of depth and tranquility.

**Under a blanket of silver mist,
in the salubrious highlands
of Sri Lanka, grows
the most exquisite tea,
the world has ever known.**

From carefully handpicked teas,
we select only the best varieties,
which after passing traditional
processing, becomes
Pure Ceylon Tea.

A photograph showing several wooden mortars and pestles on a wooden surface. The mortars are filled with various types of tea leaves, including dark, tightly rolled leaves and lighter, more delicate leaves. Some mortars also contain dried fruit pieces, such as orange slices and a red date. Green tea leaves are scattered around the mortars. The background is a light-colored wooden surface with a visible grain.

Using unique recipes,
we create classic and exceptional
blends of tea, filled with aroma
of ancient history of tea.

All our teas are 100% ozone-friendly.

When you reach out for a cup of Darkley Tea, you're not just refreshing yourself; you're also helping refresh and renew an environment resource critically important to all life on earth.

Pure Ceylon Tea

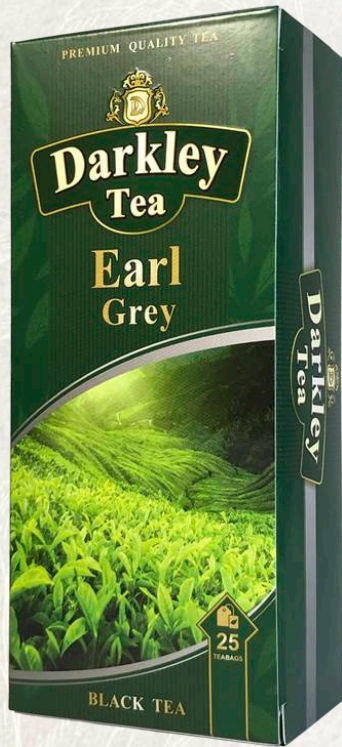

We guarantee for 100% Pure Ceylon Tea packed in Sri Lanka.
